Monthly Newsletter of THE FALCON CLUB OF AMERICA

Volume IV, Number 4, November, 1982

The Falcon Club of America, Inc., is a non-profit organization dedicated to preserving the FALCON automobile built by the Ford Motor Company from 1960 to 1970. Roy E. Sword founded the world-wide club in 1979, and it is incorporated under the laws of the state of Arkansas. Yearly dues to The Falcon Club of America are \$12.00 and are payable to The Falcon Club of America, 629 N. Hospital Drive, Jacksonville, AR 72076.

The Falcon News is published monthly with information from its members. All ads must be sent to the Editor by the 15th of the month, limit of 2 ads per member per issue. Each ad must appear in a different section of the classified ads. The FCA will not be held responsible for errors. Legitimate errors will be corrected in the next issue when requested.

### Falcon Club of America Officers

**President:** Roy E. Sword, 629 N. Hospital Drive, Jacksonville, AR, 72076. Phone (501) 982-1029.

**Vice-President:** Glen Acrey, 1208 S. Center, Lonoke, AR, 72086.

**Secretary:** Ruby Throgmorton, 2108 Memorial Dr., Jacksonville, AR 72076

**Treasurer:** Jimmie D. Throgmorton, 2108 Memorial Dr., Jacksonville, AR 72076

**Tour Chairman:** Pat Sword, 629 N. Hospital Drive, Jacksonville, AR, 72076.

**Editor:** Raymond D. Roberts, 12272 W. Atlantic Drive, Lakewood, CO, 80228.

**Partsmaster:** James F. Hatcher, 8301 W. 92nd Terr., Overland Park, KS, 66212. (SASE required for reply)

**Chapter Coordinator:** Tom O'Dell, 417 Valley View, East Alton, IL 62024

### Board of Directors

Tom O'Dell, 417 Valley View, East Alton, IL 62024, 5 year term.

Shrable Williams, Rt. 5, Box 999, Benton, AR 72015, 4 year term.

Glen Blubaugh, 5420 Buchangan Trail E., Waynesboro, PA 17268, 3 yr. term.

Fleming Horne, 7645 Memphis-Arlington Rd., Memphis TN 38134, 2 yr. term.

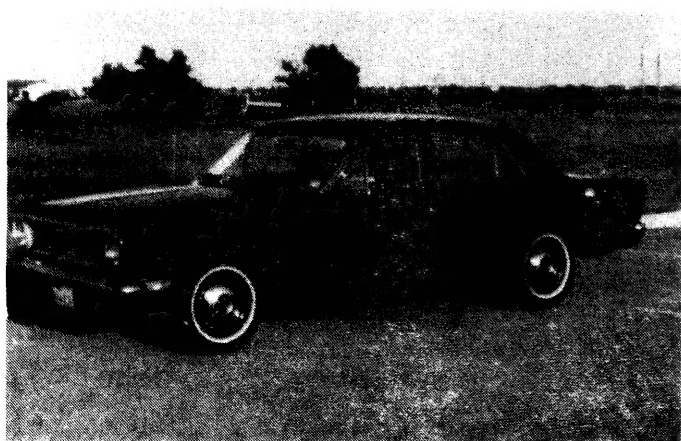

Barby Brunken, 6577 Patrick, Dallas, TX 75214, 1 year term.

**Note to All Members:** The club will send out notices to each member the month before their membership expires. Be sure to send your renewal in early to retain your original membership number. If a member does not renew one's membership within 90 days after it has expired, the membership number will be placed in the inactive file and will no longer be used by the club.

## PRESIDENT'S MESSAGE:

I am very pleased to be a part of this great club you members have made. The FCA is an exceptional club. Everywhere I go the reports are always good. Sure, we have had some minor problems but everyone has worked to ~~on~~ these things out. The key is to understand the problem and to arrive at a good solution. The solution is arrived at by communicating. When we all understand the situation the solution is easily arrived at. I thank you for your help with our club.

The FCA has almost 1300 members in only three years. We have only a 15% renewal drop. We are continually trying to improve the club. We are working towards having the FN commercially printed. There are many things to consider when making changes. One of our major concerns is the price of our club. We do not want to over-price the club. I hope that you all understand that we are trying to stay within our budget and that too many changes too fast can cause financial problems.

I want to compliment all of our officers for the outstanding work that they are doing. They all put in many hours and hours each month and none receive any pay for their efforts. Thanks, club officers, for the fine work that you are doing!!!!

Our secretary and the tour chairman are hard at work on the 3rd annual National Meet booklet. It won't be long before this is to be finished. Thanks Ruby and Pat!

Chapters! There is a great interest in this fun part of the club. If you are interested please contact Tom O'Dell. He is listed on page one. Anyone can form a chapter. All that is necessary is the desire to get to meet other Falcon owners.

Our Editor still needs technical information and tips! Please send him any thing that you might have to share with other Falcon lovers. Articles about your self and your Falcon are appreciated. Pictures too! When we go to a commercial printer there will be a great need for many many more pictures. Take some now and share them with us. The FN is your newsletter so please feel free to use it.

Wishing all of you a very happy Thanksgiving

with your family and friends!

Roy

## COVER PHOTOS:

1968 4dr Sedan: Mike Buckner, 1128, of Lubbock, Texas. See Mike's article.

1964 modified hard top. Picture by the FCA photographer extraordinaire Roger C. Roberts. Car is not owned by a club member but it is interesting enough to be shared.

## FROM THE EDITOR:

First a word from the new Chapter Co-ordinator, Mr. Tom O'Dell:

'Attention Falcon enthusiasts - Have you ever thought of having a local club in your area? Its not as impossible as you may think. Fact is, I think you would have fun and get a lot of satisfaction from starting one yourself. I speak from experience. Four months ago I decided to get one started in the St. Louis area. On Sunday, Sept. 19, we had our third meet. It was a picnic and a "drive your Falcon" outing. We now have 15 members and are getting more interested in our group.

As club Chapter Co-ordinator I have assembled an information kit which can help you with the paper work necessary to form your club. I have had ten requests just from the National ~~alone~~ for this information. If you will write or call me I will help you with any questions you may have on starting a club in your area."

Thomas P. O'Dell  
417 Valley View Drive  
East Alton, IL 62024  
(618) 259-3052

Thanks Tom! I can't say enough as to how rewarding it can be to undertake this type of project. Do it, and you won't be sorry!

On this subject: It is my belief that the best way to get a result is in a joint effort. If everyone is working towards the same end the result will be most satisfactory. If everyone goes his own way with no common bond or goal in site the best is seldom accomplished. This is true with labor unions and ladies sewing circles. If I had more help with the FN it would certainly be better.

Had some said "Ray, that is lousey ink that you are using" we wouldn't have had a half years worth of unreadable FN's. United we stand, divided we either fall or don't get the best results we could. What this leads to is another "hot potato" that I really should not address but I never listen to the wise ones. I receive much mail with articles from other Falcon clubs (yes, Virginia, there are some others). My policy is not to share that information with you anymore. This is a real shame too. They have a lot of good if not real excellent material that all of us can use. Why don't I share it. Well, I believe and have believed this since day one — Falcon lovers are not the whole world. The captive audience is quite small. What Falcons need is one strong club dedicated to Falcons. A bunch of small clubs just don't do justice. One is all that is necessary and most likely all that can be supported. Sure, the FCA has faults and I am the first to say the the FN is one fault. This club deserves a quality newsletter and should have one. We will get one soon. Now there are other faults but they neither bother me nor cause me problems. Those that have problems that cause these small independent Falcon clubs I cannot help. I have directed the problem question to that I don't want to hear it. Now, if you have a SOLUTION, please send it to me. This is what I want to hear. My solution to those Falcon clubs that don't want to affiliate with the FCA is to ignore them. I don't like that as they have a wealth of material we could use. I don't believe that we should provide them with our material either. One member belonging to the FCA and sharing his FN with the others is not fair to us, the FCA. It is not fair to you the paying members. If you are one of these people I am addressing or if you know one of these people just point blank ask them if this is fair. Is it fair? I again want to repeat: I want solutions. If you can give me the solution to this I wish you would. It would be greatly be appreciated. I have some solutions:

A membership cost break on dues if you belong to a chapter too (let's face it, the others are really concerned only with the price of dues. . . . is \$12.00 a year really worth the weakness of a great national club ???)

Districts with "mini" national meets to COMPLIMENT the National, not to take away from the National.

Mail in national elections, the campaign to be held in the FN.

These are some of my solutions. If I want some action on this I must go to the National and present my case. Is that too much to ask? I don't think so. If you think a change is necessary it is up to you to make it. Just complaining about it is not the answer.

Now, again, I have said too much. It is not my place to say this kind of stuff. This is a TOTAL waste of your good FN space. This space could be put to much better use. I will not do this again. It will not be necessary.

Roger C. Roberts, FCA #175 is the fellow who has been listed as "C" Roberts in the PROJECTS for the calander. Sorry for the misleading information. No, he is not related to this Roberts. I am sorry to report that the calander project will not happen for '83 due to lack of material. If any of you have what Roger needs please contact him. His too bad that this project didn't work out. I was looking forward to having a Falcon calander on my wall next year. Roger is a very talented photographer and a fantastic letter writer. If you are looking for some good humor write Roger:

PO Box 30914

Gahanna, Ohio, 43230

Roger also reports that the '64 on the cover is for sale. Write him if interested.

Dr. Phillip K. Cottrill reports that he will have a new Falcon book out in early 1983. Title is THE FORD FALCON 1960 - 1963. Price is \$16.95, prepublication price is \$12.70, postpaid. The book will be in paper back 8 1/2" x 11" format, 150 pp, jampacked with Falcon history, facts, figures, and photographs. Phil Cottrill, author and publisher, 131 Ash Lane, Elkton, MD 21921, or Rigel, Inc., 2644 Capitol Trail, Newark, DE, 19711 MC/Visa OK.

Ray

Sacramento, California, area c/o Jack Edward, 11171 Old Pond Lane, Grass Valley, California, 95945

Colorado Springs, Colorado, area c/o Carl Mac Donald, 1765 Carmel Drive Colorado Springs, Colorado 80910

#### CHAPTER NEWS:

The Lone Star Chapter of the FCA will hold its next monthly meeting on Sunday, Nov. 21 at an indoor recreational center near Ft. Worth in Arlington, Tx. Regular meeting 2:00 to 5:00 PM. Plans are proceeding for the National Meet in the Dallas/Fort Worth area next year. We need all local members to help. For more information about the meeting call Barby Brunken (214) 826-1207 or Larry Wood (817) 297-4596

Sacramento area: 1st Annual Northern California Meet was held Sept. 12th in Auburn. Twenty three Falcons from 1960 to 1965 in all models. A new Northern California FCA Chapter will be formed as soon as possible. 50 Californians in 23 Falcons should attest to the fact that "Falcons are flying" in California. These cars were finely detailed

4

show worthy and road worthy examples of the marque. Some were driven several hundred miles to the meet! For a first Northern California showing...not too shabby! Respectfully submitted by your 1st host. Jack Edward

#### MEMBERS: (cover car)

I would like to pass along a tip I learned while restoring my '68 Falcon. It is a very common problem among cars that have a few years on them for the turn signals to flash dimly and slowly. This is usually caused by numerous and mystic problems such as rusty sockets, old flashers, and general old wiring.

A person could start at one end and replace everything to the other end. However, I found a much easier and cheaper way. To correct the slow flashing a heavy duty flasher usually provides the extra capacity to make the turn signals flash as fast as they should.

To solve the dimness most likely found in the rear lights is very inexpensive. First remove the tail light assembly from the car. Next remove the bulb socket and take off the lens. Then line the inside of the tail light housing with regular household aluminum foil, bright side to the rear. Reassemble the tail light sealing each joint with clear silicone to prevent moisture from getting inside. Put the assembly back in the car. The light now reflects off the foil and will produce a bright light like new, and best of all no one can tell what you did to get such a bright light.

The story of my Falcon began at the start of my Senior year in high school. My high school sweetheart (now my wife of seven years) and I were looking for a car for me to drive to school. We found a black 1968 Falcon 4 dr Sedan with a 200 ci six engine. It was on a used car lot where my family had purchased cars for as long as I could remember.

The Falcon had been owned by the US Navy and had been used as a recruiting car. They had maintained the car very well. It was in excellent condition inside, outside, and mechanically.

It has been unbelievably reliable in the eight years that we have owned it. There has been no major mechanical problems at all. Two

newer "family" cars have come and gone since the purchase of the Falcon and it resides with a new family car today. The Falcon has been used on occasion to take the new car to the dealer for repairs.

Because of the Falcon's dependability and it being my first car it has a lot of sentimental value to my wife and I. We are currently completing a total restoration to factory original. I feel very fortunate to have purchased my Falcon way back then as just a means of transportation and to have had it end up as something very special to my wife and I.

Mike Buckner FCA#1128

Lubbock, Texas

Thanks Mike!

#### CLUB STORE:

The club store now has the reproduction shop manual that covers the '60-'63 including the V8 section. \$30.00 post paid.

NOS used and reproduction parts and accessories. Specializing in '60-65 Ranchero. Parts locating service available. Large 2 stamp SASE please. Roy Thompson, 8422 E. Cortez, Scottsdale, AZ, 85260 (602) 998-8624

The following is something I would like to try on a quarterly basis or as often as there is room. To qualify one must be of course a member of the FCA. Ad must be on letterhead or be accompanied by a business card or say perhaps a petition signed by say four other FCA members. Let me know if your ideas on this differ and if you like it or not. Thanks, Ray

St. Clair, MI 48079 (313) 727-2486

If I missed any that I should not have, sorry.  
Let me know and we will ad you.

## RULES AND REGULATIONS OF FCA ADS:

This should probably be listed every month to avoid confusion. There is no promise to get you ad in each month. We print as space is available. I try to not edit the ads, sometime it is necessary but I try to print it exactly as it is sent to me. If your ad does not make it in current issue it will be printed in the next if possible. Ads are limited to 50 words each ad and only two per month per member. (The Literature ads this month is an example of catching up, there are quite a few from the same sources). **PRICES MUST BE INCLUDED IN ALL ADS with the exception of services and parting out!!! NO PRICE, NO AD!** If the ad is not sent to the EDITOR you will automatically delay your ad. **SEND ADS TO EDITOR.** If you have any question concerning the ad policy ask me or President Roy. There is never a charge for an ad.

Some day I hope to get all new members printed. Sorry this takes so long. Welcome to the FCA!
